Core English 1 and 2	外国語学部
Advanced Communication Skills 3 and 4	英米語学科
Essay Writing 1 and 2	英米語学科

授業の改善と工夫

改善と工夫内容
- Incorporate student-centered, active learning through pair and group work to increase participation and communicative competence. - Design task-based activities that simulate real-world communication and encourage more natural language use. - Use digital tools such as Google Workspace to support collaborative learning, streamline feedback, and improve student engagement. - Regularly reflect on my teaching and use student feedback and performance data to make ongoing improvements to course design and instruction.
