＜Numbering code＞

The numbering code indicated on the left side of each subject shows its general information, as below.

① Dept. code: the code showing which department offers the course/subject in question.
② Category code: the code showing what category the course/subject falls into.
③ Level code: the number showing the difficulty level of the course/subject. (Level 1-5)
④ Serial number: the number identifying the subject from those which have the same dept. code, category code and level code.

【Example】

Subject	① Dept code	② Category code	③ Level code	④ Serial number
Web Design	3	f	2	03
