Do you know
I can't choose
what I want to wear

Do you know
I feel more comfortable
talking to girls?

Do you know
that it's difficult
to use the restroom?

Do you know
I can't express
who I really am

Do you know

how much courage

I needed?

Do you know
how sad I am
because I can't
marry with
who I really love.

Which world
do you want to live?

we can change the world!

What

if...

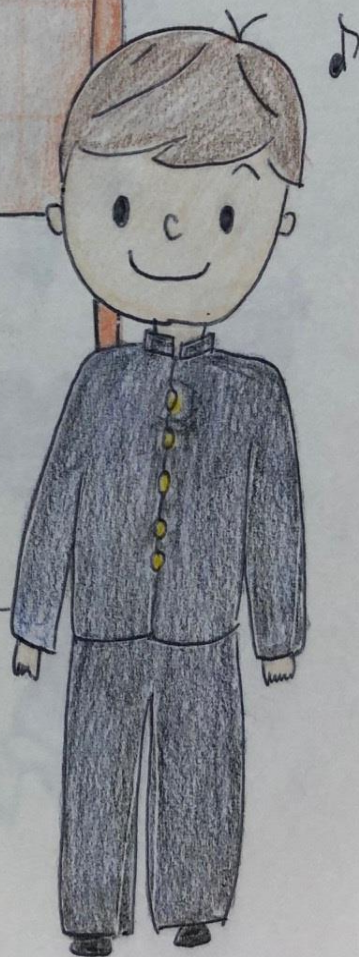

What if

What if I could
choose whatever
I want to wear

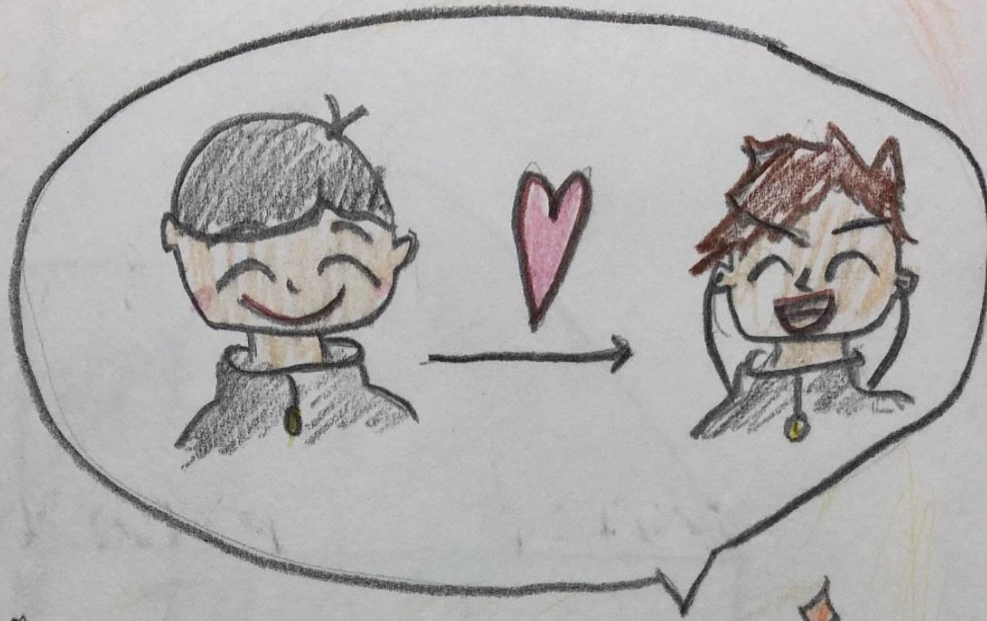

What if I could
spend time
doing what I want

What if

I had no difficulties

using the restroom?

What if
my friends
understood me.

What if
my family
supported me

What if
I can marry with
who I really love

You can change the world!

What if
I could be myself...

Do you know that
I just want to be myself...

Which world
do you want to live?
